<sup>1</sup>Provides beneficiaries the greater of the return of Purchase Payments (less withdrawals and premium tax) or the current Contract Value if the contract holder dies before annuity payments have begun, or prior to the payout phase. This feature protects the death benefit from any downside risk from the underlying fund selections. Owners must be age 80 or younger at the time of purchase. This Rider must be selected at the time of contract purchase. 0.35% annual charge.

<sup>2</sup>A combination of adverse investment performance, additional withdrawals and contract fees may reduce the payout amount. This option is not available in New York. Keep in mind this is one of a number of annuity options available under the EliteDesigns II Variable Annuity and your personal situation depends on various factors including applicable tax consequences of purchasing, owning, and receiving payments under the EliteDesigns Fixed Period Annuity Option.

<sup>3</sup>0.25% for all subaccounts, except for Dimensional and Vanguard subaccounts, which are 0.65%
